Report to the SAMSC General Meeting, Tuesday 15 June 2021

The training programme continues to deliver one marshals training webinar each month, with a quarterly rescue, recovery and medical seminar. As motorsport starts to reopen we are looking at the practicalities of running face to face training during the second half of this year.

We are advised that the application to bid for training grants for 2022 will be released during the summer. These are usually due for submission in September so I would be grateful if all clubs could consider their training needs for 2022 and respond to training@scottishmotorsportsclubs.co.uk before the middle of August.

Training planned during 2021:

24 June	Medical Seminar
29 June	Spectator Safety
27 July	Chain of Command & Stage Setup
31 August	Advanced Radio
28 September	Advanced Timing
30 September	Medical Seminar
26 October	Cross Country (Hill Rallies & Competitive Safaris)
30 November	Incident Handling
28 December	Christmas Special

Also Planned are days for Incident and Fire Practical Training, an Introduction to Marshalling training and recruitment day, and rescue and recovery training.

Details of training can be found on the SAMSC Training Portal at
www.training.scottishmotorsportsclubs.co.uk
